

**JFA Meeting June 7th, 2011  
Minutes**

**15 members and guests in attendance**

- **Show and tell: Happy Gilmore showed his new electric Spitfire from Airborne-Models. And Hap had a new, customized electric tote to go with it.**
- **Claude Lott visited the club (no relation to Sheriff Leon Lott). Claude has experience in nitro trainers. And Mike Gill brought in his son Ryan to visit the club.**
- **Also visiting the club this month were Mike Carlos and his son “Excellence.” Mike has a Parkzone T-28 and is making great progress as a student pilot. And Excellence is *really* excellent as a pit crewman on the flight line!**
- **After show-and-tell, and introductions, it was decided that the club would not conduct a formal meeting due to the limitations of the meeting place (no private room). And so the club members had a “social meeting” ...with great conviviality and a sumptuous feast in the fine ambiance of the British Bulldog pub.**
- **The next formal meeting will be conducted in early July.**
